

Premium Ice Cream & Desserts

Coolhull Farm is a family-owned Irish company founded in 1990 by Tomás Murphy who began making ice cream using a classic Italian recipe on his dairy farm, at Coolhull, Co. Wexford. Coolhull Farm Ltd (previously Paganini Ice Cream) is now run by Tomás's son Barry.

Today the company still specialises in dairy and makes a full range of premium ice cream and baked and dairy desserts using the raw milk from Coolhull Farm.

The quality of our farm fresh ingredients and our farming heritage differentiates our products and our processes. We offer a full range of desserts to the Foodservice and Retail channels.

There's something about making things from scratch that fits who we are.

What differentiates us is the quality of our desserts – a combination of our key ingredients and our processes that give our desserts that extra special memorable taste. Here's a little taste of what makes our desserts so delicious.

CHEESECAKES – Our flagship cheesecakes are one of our product heroes. We make our own cream cheese which gives our cheesecakes their velvety smoothness. We bake our own golden biscuit crumb. Our cheesecakes are the ultimate in contrasting textures.

APPLES – The Bramley apple is renowned as the superior cooking apple due to its sharp flavour and low sugar levels. We use Bramley apples from Armagh to make a full range of apple products – some traditional, others unique and some encased in our own buttery pastry or topped with crumb.

GANACHE – When only the best ingredients will do – we make our own ganache using Irish cream and butter and the finest Belgian chocolate – this tops off a number of our dairy and bakery products.

ICE CREAM – That's where it all began in 1990 making our own full dairy ice cream from the Coolhull Farm cow's milk. The richness of full dairy ice cream. Each flavour carefully designed to pair with our complete range of dairy and baked desserts.
