REAL INGREDIENTS - REAL TASTE

Coolhull Farm is a family-owned Irish company founded in 1990 by Tomás Murphy who began making ice cream using a classic Italian recipe on his dairy farm, at Coolhull, Co. Wexford. Coolhull Farm Ltd (previously Paganini Ice Cream) is now run by Tomás's son Barry.

Today the company still specialises in dairy and makes a full range of premium ice cream and baked and dairy desserts using the raw milk from Coolhull Farm.

The quality of our farm fresh ingredients and our farming heritage differentiates our products and our processes. We offer a full range of desserts to the Foodservice and Retail channels.

There's something about making things from scratch that fits who we are.

What differentiates us is the quality of our desserts – a combination of our key ingredients and our processes that give our desserts that extra special memorable taste. Here's a little taste of what makes our desserts so delicious.
